

For automation agent.

Create a document having:

1. Introduction and details of IMTA
2. Services provided by IMTA, like automation.
3. Tools information for automation, such as n8n, make.com, Zapier, or AI coding.
4. Short Description of Past automation work/projects.

Cost of agent per month:

Assuming you're placing 60 minutes of outbound calls per day:

Daily cost: $60 \times \$0.155 = \$9.30/\text{day}$

Monthly cost (~30 days): $\$9.30 \times 30 = \$279/\text{month}$
